

Clackamas County Dental Society Presents:

# Dental Glass and Glass Ceramics

"A comprehensive presentation on what today's products and processes offer."

**Meeting Date: Tuesday, April 25, 2017**

Clackamas County Dental Society  
10824 SE Oak Street PMB 303  
Milwaukie, OR 97222

**Course Description:** The goal of this program is to arm the attendee with a straightforward understanding of how to assess the efficacy and indication of today's ceramic products, the questions to ask to validate manufacturer/supplier claims, and the insight and information needed for achieving optimal results with respect to esthetics and longevity.

**Topics will include:**

- Underlying material science
- Variation in the compatibility of veneering porcelains between materials
- Layered vs. monolithic options
- Polishing vs. glazing of zirconia
- Indications
- Case selection
- Shade communication and photography

**Featured Speaker**  
Derrick Luksch, Owner, CDT  
O'Brien Dental Lab

Please RSVP by **April 22, 2017** at [executivedirector@clackamasdental.com](mailto:executivedirector@clackamasdental.com)
